I HATE Monopoly and Microsoft. Do not collect the \$200 when you pass go. And NO you cannot be the thimble, that is my peice, I called it. I know you are one of those bankers that likes to smuggle the 5 hunnies. So that is why we must stop all forms of Monopolies whether Milton Bradley or Bill Gates!!

Microsoft is bad because they like to create monpolies and dominate the "free" world trade. They might as well be commies. This is a form of terrorism. It must be stopped immediately. PFJ really shouldn't be passed because if it does that means Bill will have a monopoly. Basically he owns Boardwalk and Park Place with 2 huge hotels on it. Not to mention he controls all railroads. He needs to share or be forced to share. Don't do it, don't pass PFJ! Please!?!?!

thank you judge, charge it 100%. We need you.
